VENUE

Pera & Kadıköy

This isn't an English course. We don't teach the language — we experience it. No textbook, no exam, no grades: just being inside a situation on stage and having to respond. That's where the language actually opens up.

POSITION

We don't build a young person's English from zero — we turn what they already know into speech. If they can hold a conversation, that's enough. Groups are split by age (10-14 and 15-17) so the work stays honest for both. **Courage comes before grammar.**

02 FREQUENTLY ASKED QUESTIONS

— Is my child's English good enough?

If they can hold a simple conversation, that's enough — we recommend B1 and above. This isn't a language class, it's drama built on top of English.

— Do they need acting experience?

No. Most participants have never been on a stage before. Curiosity matters more than experience.

— How are age groups split?

10-14 and 15-17 work in separate classes, at both the Pera and Kadıköy locations.

— How does the scholarship work?

Send a 1-minute performance video to info@technelabistanbul.com — we review it and get back to you with a scholarship offer of up to 25%.

— Is there a public performance?

Yes — the year closes with a final showcase in April/May, performed in front of a real audience.

— How do we register?
