

10-17 YEARS

ENGLISH DRAMA YOUTH

Language as experience. Expression as craft.

PROGRAMME OVERVIEW

English Drama Youth is designed for young people aged 10-17 who want to explore the English language through theatre. Rather than grammar drills, we work through scenes, monologues, movement, and ensemble play — discovering how English sounds, feels, and lives in performance.

By the end of the programme, participants will have performed, collaborated on scenes, and developed confidence speaking English in a creative, low-pressure environment.
